 - * You're free to translate this form to any language.
-

Dear Parents:

This school year, our school will be using EET Systems, a secure online educational management system where teachers, parents and students can collaborate, share content, and use educational apps to supplement in-class learning. In this private educational environment that is managed by our school and our teachers, students can only receive notifications from their teachers.

EET provides a safe and easy way to support learning beyond the classroom, help students develop important skills, and strengthens school to parent and teacher to student communication.

On EET, students will be able to:

- View upcoming assignments and homework.
- View his/her presence and absence records.
- View his/her examination results.
- Receive assignments and quizzes from teacher.
- View missed work when absent from class.
- Access files, links, and resources provided by the teacher.
- View calendar/ lessons schedule set by the teacher.
- Receive important school news and announcements.
- View his/her performance against other students of the same class.
- Access EET from any computer or mobile device with Internet capabilities.
- Download and use EET mobile applications available on Android Play Store and iOS App Store to receive notification reminders via system push notifications.

On EET, parents will be able to:

- View their child upcoming assignments and homework.
- View their child presence and absence records.
- View their child examination results.
- View their child calendar/lessons schedule.
- View missed homework when their child is absent from class.
- Access files, links, and resources provided by the teacher.
- Receive important school news and announcements.
- View their child performance against other students of the same class.
- Send/receive messages from school management and their child's teachers.
- Send/receive files from school management and their child's teachers.
- Access EET from any computer or mobile device with Internet capabilities.
- Download and use EET mobile applications available on Android Play Store and iOS App Store to receive notification reminders via system push notifications.

You may also sign up for a parent account on EET, which connects to your child's account. This is a great way to keep informed of due dates, assignments, grades, school events, and any direct communication between your child and us. To sign up for a parent account, please refer to our school administrator to request a username and password.

We recommend signing up for one to stay engaged with your child's educational process. For more information about how to sign up for a parent account, please call our school's phone number: xxxxxxxxxxxx.

In order for your child to use EET, he or she must have your permission, and you must read and agree to the EET Terms of Service (<https://eet.by/legal-terms>) on your child's behalf. You must also read and agree to the EET Privacy Policy (<https://eet.by/privacy>). EET takes privacy seriously and has a User Trust and Safety team dedicated to protecting the privacy and safety of its users.

I hope that your child will enjoy using EET to assist their educational process this year. You can learn more about EET by visiting <https://eet.by>

I give consent for my child, listed below, to use Excellence Educational Technologies Student Platform.

Student Name: _____
